

Do you and/or your church need help to navigate the current turmoil in the UMC?

Does your congregation need to have honest conversations on hard topics, but you're not sure how to do it well?

The New England Conf. Parish Consultants can help.
We're offering two services specifically tailored to these times:

Coaching Sessions for Clergy and/or Lay Leadership

We're offering three 45-minute coaching sessions for half price (only \$75 total), by phone or video.

Healthy Conversations on Difficult Topics

We'll help you tailor a healthy, productive conversation process that meets the specific needs of your congregation. We can come lead the conversation, or guide you or your team in leading it.
